

WASH Reporting System User Guide

Welcome to the **WASH Reporting System**, a comprehensive 5W submissions directory and database for Borno, Adamawa, and Yobe states. This guide walks you through the core features of the platform.

1. Login Page

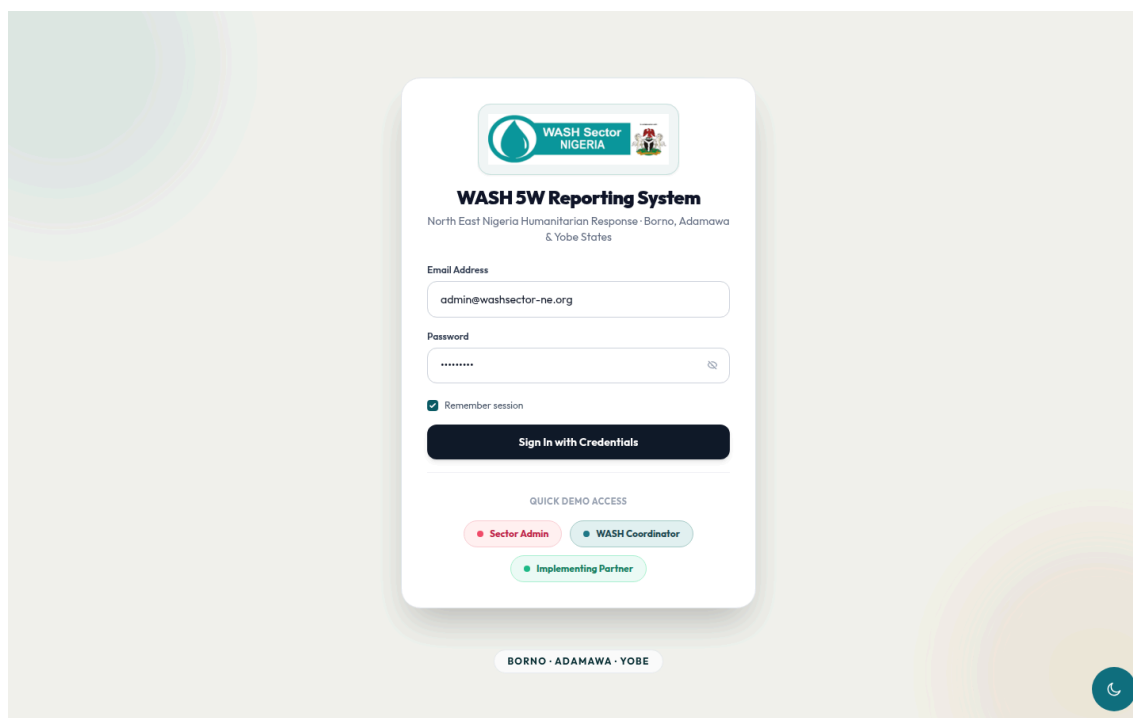

The system requires authentication to ensure that data is securely managed by authorized partners and administrators.

- **Email-based Login:** Enter your registered email address to access your specific role dashboard.
- **Roles:** Access is tailored to three main roles: *Sector Administrator*, *State Coordinator*, and *Implementing Partner*.

2. Main Dashboard

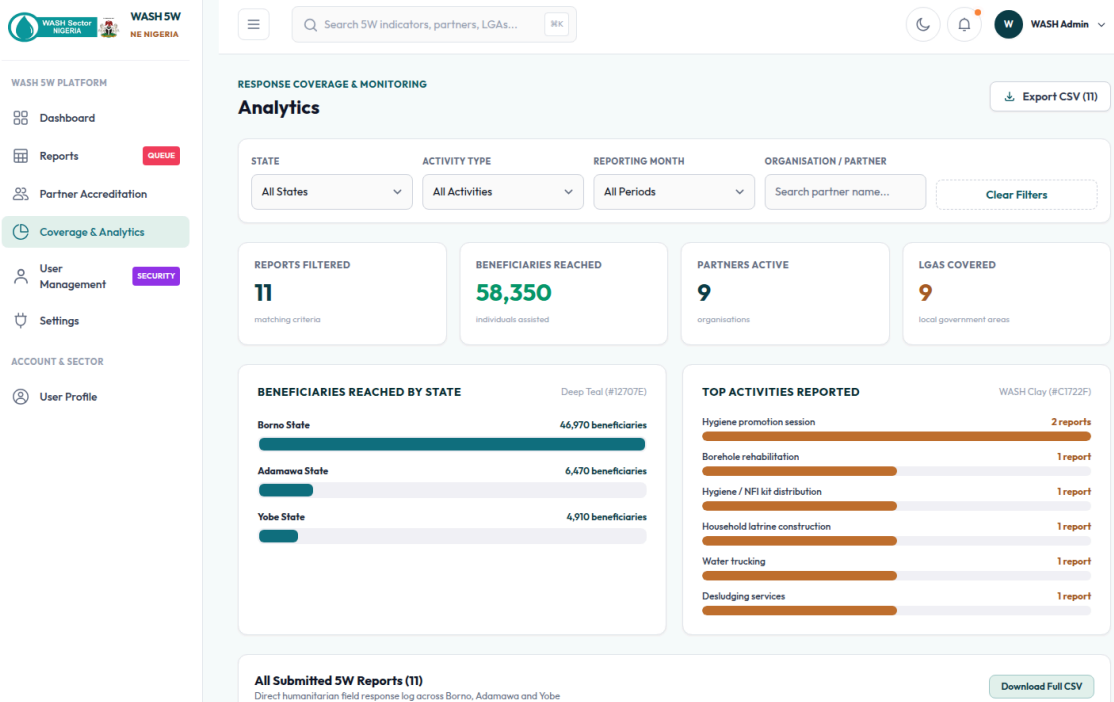

Upon logging in, you are greeted with the Main Dashboard. This provides a high-level overview of the WASH Sector's key performance indicators.

- **Quick Stats:** View the total beneficiaries reached (disaggregated by men, women, boys, girls, and PWDs), total active projects, and budget utilization.
- **Recent Activity:** A timeline of the latest verified 5W entries and alerts.
- **Charts and Maps:** Visual breakdowns of beneficiaries by location and intervention types (e.g., Borehole rehabilitation, Hygiene kit distribution).

3. Coverage Dashboard

The Coverage Dashboard is essential for State Coordinators and Administrators to monitor intervention spread across different Local Government Areas (LGAs).

- **Interactive Maps:** Visualize which LGAs have the highest concentration of WASH interventions and which areas are underserved.
- **Funding Overview:** Track funding gaps and budget allocations across different states.

4. Submitting a 5W Report

Partners can submit their monthly or quarterly 5W (Who, What, Where, When, For Whom) reports directly through the system.

5. Partners Directory

A centralized directory of all active organizations and implementing partners in the region.

The screenshot shows the 'Partners (11)' section of the WASH 5W Platform. The interface is divided into a sidebar and a main content area. The sidebar contains navigation links: Dashboard, Reports, Partner Accreditation, Coverage & Analytics, User Management, Settings, and User Profile. The main content area features a search bar and a 'Register New Partner' button. Below these, there are tabs for 'All BAY States', 'Borno State', 'Adamawa State', and 'Yobe State'. The main content area displays a grid of partner cards, each representing a different organization. Each card includes a letter icon, the organization's name, focal point, contact information, and the number of reports and assisted individuals.
